DON'T TAKE CHANCES

It is a great pleasure to sell a product of merit—something which you know has no superiority anywhere. That is the way our men feel in selling Sturm's Dairy Pasturized and Clearified milk and cream. We know we are doing humanity a great if not greater service than many persons who are eulogized by a brass band.

Don't trust the chance. Get Sturm's and there'll be no doubt about it.

BUTTER, BUTTERMILK, COTTAGE CHEESE

Sturm's Dairy

BOTH PHONES

Business men of Clarksburg are proud of the city's reputation as a jobbing center and of the customers in their trade territory. They point with pride at every opportunity to the comparatively small percentage of losses suffered by failures or sharp practices. They are constantly on guard to promote the interests of the trade. Economy has been practiced, low freight rates and express rates have been secured, modern credit methods have been adopted and retail merchants who buy here realize that Clarksburg jobbers and manufacturers are anxious to serve their interests. The good reputation enjoyed by Clarksburg has attracted the attention of the entire country and many branch houses or selling agencies have been located here in recent years. There is room for more and every new concern is given a cordial welcome. A spirit of co-operation exists even between competitors as it is realized that a great commercial future lies before the city and its people. The spending of your dollar in Clarksburg helps her industries to grow and to serve you better. "Buy in Clarksburg."

LOCAL MERCHANTS PAY THE TAXES

But Foreign Mail Order Houses
Do not Pay One Cent for
Upkeep of City.

My ten reasons why persons living in and near Clarksburg should

spend their money here, are as follows:

First—The merchants here pay taxes which keep up the city and state.

Second—Everything that the people in and near Clarksburg have to buy is bought by the Clarksburg people.

Third—The mail order houses quote a price and do not include freight and when the freight is added to the things they are usually as high or higher at the mail order houses in Clarksburg, and there is no delay if they are bought here.

Fourth—The neighbors and friends of the people in and near Clarksburg, they are brethren in the churches, lodges, etc.

Fifth—The merchants here keep the things that the people in and near Clarksburg must buy here and therefore the people should buy those things that they could get from mail order houses.

Sixth—It will help to build up Clarksburg, the state of West Virginia, instead of helping the other states, if the people in and near Clarksburg will spend their money here.

Seventh—The merchants of Clarksburg give the people in and near Clarksburg employment, and therefore the people in turn should spend their money here.

Eighth—The merchants contribute to the churches, Sunday schools, and the charitable institutions of Clarksburg, which take care of the people of Clarksburg and those nearby when they are in need.

Ninth—The merchants help build the streets and roads of Clarksburg and around Clarksburg for the people that should spend their money here.

Tenth—The people should trade in Clarksburg because the more they trade the more the town will grow and thereby cause the price of everything that is to be sold to be better, and will give more people employment.

MRS. H. S. Weston, W. Va.

MANY REASONS WHY PEOPLE SHOULD BUY IN CLARKSBURG.

There are so many reasons why people living in and around Clarksburg should give preference to Clarksburg-made products, until it would be useless to try to discuss all of them, so space will be given only to the most important.

First—We should give preference to Clarksburg made products because Clarksburg is our home town and we as true and loyal citizens should give preference to home-made products and keep our money in circulation at home and thus enable our own city to build more and more efficient factories and better develop the resources of our state and help it rise upward instead of sending the money out of our state and helping some other city to grow, while we remain near the bottom of the list in manufacturing.

By giving preference to Clarksburg made products we not only get things cheaper and better, but help to give the entire state a better and broader reputation and help raise it upward. We should give preference to Clarksburg-made products for pure self interest, if no other reason.

In giving preference to Clarksburg made products we save all of the money for ourselves that would have to be sent to other cities, states and nations, at import taxes and nations saving this money and using it at home would not only improve the quantity of the goods, but the quality also.

HELPS ALL

First—Keeps the money in circulation at home.

Second—Helps the laborer.

Third—Helps the tax payer.

Fourth—Helps the unemployed.

Fifth—Helps the employer.

Sixth—Helps build the city.

Seventh—Helps the church.

Eighth—Helps the growing population.

Ninth—Helps the homeless to secure homes.

Tenth—The buyers' benefited.
